Vitamin D₃ 1000IU | 2000IU

Rich Like the Sun

Benefits and Indications:

- **Rheumatology:** Prevention and treatment of osteoporosis, attenuation of BMD loss in postmenopausal women, reduction of fall and fracture risk.
- **Neurology:** Controlling depression symptoms, improving mood symptoms in bipolar patients and autism core symptoms.
- **Gynecology:** Prevention of gestational diabetes, preeclampsia, asthma, and food allergies in neonates, reducing risk of bacterial vaginosis, improving PCOS symptoms and IVF outcomes.
- **General:** Reducing body fat mass in obese patients, decreasing the risk of cardiovascular disease and type 2 diabetes, prevention of cancer (i.e. colorectal and breast).

Components:

1000 IU and 2000 IU vitamin D3 mini-tablets.

Dosing and administration:

800-2000 IU vitamin D daily is recommended to maintain sufficient blood level for most people⁽¹⁻³⁾. However, modified doses may be prescribed depending on an individual's need.

Advantages of mini-tablets:

- **Efficient release:** Higher ratio of surface area to volume, compared with conventional tablets
- **Reduced risk of GI irritation:** An equal drug release to the stomach and gastrointestinal tract
- **Easy to swallow:** Applicable in case of difficulty in swallowing large tablets
- **Flexible dosing:** Feasible to adjust the number of mini-tablets administered to different pediatric age groups⁽⁴⁻⁶⁾

Indications:

- Strengthening the structure of the hair keratin and improving its elasticity
- Prevention and treatment of hair loss resulting from unbalanced diet or malnutrition.
- Restraining some drug-induced hair loss
- Maintaining normal skin and nail by collagen synthesis, and prevention of brittle nails
- Balancing the production of sebum in the skin and the scalp
- Contributing to normal hair pigmentation for maintenance of natural hair color and prevention of gray hair
- Prevention of skin cancer, vitiligo, and atopic dermatitis

Ingredients:

Extended-release tablets containing L-Methionine, L-Cysteine, Pantothenic acid, Folic acid, Vitamin B6, Vitamin E, Vitamin D3, Zinc, Copper, and Selenium

Mechanism of action:

Enhancing cellular performance of hair follicles by providing key vitamins and minerals for basic metabolic processes

Dosing and administration:

One FolicoGen[®] tablet daily after meal with a full glass of water

Serving Size: 1 tablet		Serving Per Container: 60
Ingredients	Amount per serving	% Daily value
L-Methionine	250 mg	*
L-Cysteine	50 mg	*
Zinc (as oxide)	15 mg	136
Folic acid	1 mg	417
Copper (as gluconate)	1 mg	111
Selenium	0.05 mg	91
Biotin	0.25 mg	833
Vitamin D3	1000 IU	125
Vitamin B5	9 mg	180
Vitamin B6	2 mg	117
Vitamin E	8.33 IU	50

*Daily value not established

Indications:

- Diabetic neuropathy
- Neuralgia
- Osteoarthritis
- Rheumatoid arthritis

Ingredients:

A mixture of three herbal extracts containing *Rosa canina*, *Urtica dioica*, and *Tanacetum vulgare*

Mechanism of action:

Accelerating neurotransmission, enhancing regeneration of peripheral nerves, and decreasing inflammation

Dosing and administration:

Two capsules daily (one in the morning and one in the evening) with a full glass of water, one hour after meal, for at least 3 months.

60 Capsules Per Container	
Active ingredient	Amount per capsule
Tanacetum Vulgare	62 mg
Urtica Dioica	30 mg
Rosa Canina	8 mg

Indications:

- **Cardiovascular:** Reducing the risk of cardiovascular disorders, including heart failure, hypertension, and endothelial dysfunction
- **Rheumatology:** Reducing the amount of inflammatory cytokines and oxidative stress
- **Neurology:** Improving muscle spasticity, neuroprotection, reducing fatigue and depression, and decreasing migraine symptoms
- **Diabetes:** Modulating glucose homeostasis, oxidative stress, and T cell immunity, long-term blood glucose control, and improving insulin sensitivity

Ingredients:

A special combination of different vitamins (A, D3, E, C, B1, B6, B12, and folic acid), minerals, and other micronutrients (L-Carnitine and CoQ10)

Mechanism of action:

Antioxidant, anti-inflammatory, neuroprotective, and immune system booster

Dosing and administration:

Two capsules daily (one in the morning and one in the evening) after meal with a full glass of water
